

GE2GO

Get the GE products you need for your projects faster than ever, *with no additional cost.*

GE2GO is our new quick product modification program. Starting with Controls2GO, orders ship from our Mt. Juliet, TN warehouse just **2 business days** after you place your order.

Much more than a warehouse, **Mt. Juliet is a UL 508 certified panel facility** with the capability to provide assembly, modification and functional testing of up to 80% of GE's most popular products.

Controls2GO includes the following enclosed NEMA controls:

Combination Starters

Noncombination Starters

Lighting Contactors

Definite Purpose Contactors

Pump Panels

Localized and consolidated inventory means we offer more modification options - faster

Increased flexibility to modify basic units to your specification needs

Reduced lead times - products ship out in two business days

Reduced transit time - orders ship directly from Mt. Juliet, helping to avoid delays and shipments from multiple locations

Reduced in-transit damage - program products reside in a single location

Streamlined ordering with our new on-line configurators for authorized GE Distributors
