

Meet the newest members of our flock: Load Centers.

Midwest Electric Products was founded in 1945. We became known as the “Duck” brand. Over the years, our business has grown and is recognized as an industry leader in high quality outdoor weatherproof electrical equipment including temporary power units, power inlets and outlets, service entrance equipment, meter sockets, A/C disconnects, transformers, safety switches and RV park equipment. Join us as we continue to broaden our line to serve the needs of your customers.

For more details, contact your local Midwest Electric Products representative.
